MESSAGE

I am happy to present the latest edition of our flagship publication, "Data on Police Organizations in India" (DoPO), as on 01.01.2019. "Data on Police Organizations in India" (DoPO) has been published annually by the Bureau of Police Research and Development since 1986.

2. The BPR&D is mandated to improve policing in the country and make it citizen-centric. Availability of the latest data makes it possible for the policy planners and implementers to undertake realistic planning, which, in turn, enables the leaders of the forces to take appropriate steps for organizing and equipping the forces for effective service delivery. Data gives us the big picture and also helps us in making comparative analysis. I am sure, this edition will meet the requirements of policy makers, police practitioners, research scholars and academicians.

3. The publication of DoPO, as on 01.01.2019, is the outcome of collaborative efforts of the BPR&D, Heads of CAPFs, CPOs and Heads of Police of all States and UTs, who have not only furnished the requisite data, but also spared their Nodal Officers and representatives for the workshops conducted by the Bureau. I hope, this publication will prove useful to the government, police leadership as well as researchers. Any suggestions to improve it further are always welcome.

The BPR&D has been publishing the "Data on Police Organizations" in India, since 1986, annually. From time to time, some of the important features like women police, police expenditure, constabulary ratio, transport facilities, communication facilities, representation of SCs/STs and police training centers were added.

In this publication, new dimensions like infrastructure of CAPFs (vehicle availability, family quarters, training institutions, tracker and sniffer dogs and pay scales), Gender wise data on Police Forces, District Armed Reserve Police Force, Senior Supervisory Officers, Immediate Supervisory Officers and Field Staff Ratio, Data of Women Police, Sanctioned and Actual Strength of SCs/STs and OBCs have been added.

This publication, "Data on Police Organizations" in India, as on 01.01.2019, will be more useful for the users, especially for the policy makers, police officers, researchers, academicians, police administrators and other stakeholders.

DATA COLLECTION PROCEDURE:-

BPR&D's annual publication, "Data on Police Organizations" in India (DoPO), has been prepared on the basis of data provided by the States/UTs, CAPFs and other Central Police Organizations. Further, data have also been obtained from the Registrar General of India (RGI) and the Survey of India (SOI).

STATISTICAL TOOLS:-

Statistical methods involved in carrying out the study include- planning, designing, collection of data, analyzing, drawing meaningful interpretation and reporting of the findings.

PRESENTATION OF DATA:-

Data are collected in a raw format. However, in this format, it has inherent difficulties in its understanding. Therefore, data have been summarized, processed, analyzed, and presented in charts and tables to make it more meaningful.

The graph is a very effective visual tool, as it displays data at a glance, facilitates comparison, reveals trends and relationships within the data, such as changes over time, frequency distribution and correlation, etc. Bar graphs, Pie charts and other statistical tools have been used.

DATA LIMITATIONS:-

DoPO has been prepared on the basis of data provided by the States/UTs/CAPFs and other Police Organizations.

Police structure in different States/UTs, CAPFs and CPOs is not the same. In a few cases, States/UTs have not provided complete data, consequently, it has been mentioned as 'Not Available (NA)/Not Provided (NP)' in the relevant Tables and, at places, wherever relevant, data of the previous year has been incorporated.
