Correctional Administration Wing

Ministry of Home Affairs, Government of India, identified BPR&D as the nodal agency, at the national level, in the field of Correctional Administration and Prison Reforms. The Correctional Administration (CA) Wing was set up in November, 1995, to identify and study the problems affecting prison administration and to promote advanced research and training in this field.

The CA wing is responsible to initiate and guide research in Prison matters both in-house and in collaboration with reputed organizations having expertise in the area of professional interest, after identifying the issues involved. It is the repository of information, statistics and details which affect the core prison functions in a seminal manner.

The CA Wing conducts conferences and seminars at the national level on numerous issues concerning Correctional Administration and Prison Reforms. It also organizes the All India Conference of Heads of Prisons, National Conference on Uniformed Women in Prison Administration and All India Prison Duty Meet.

It undertakes capacity-building efforts and sponsors training programmes for prison officers and releases publications on prison related issues. 517 prison training courses have been conducted and approximately 11,448 prison officers have been trained since 1997.

Coordinating the awarding of President's Correctional Services Medal for Distinguished Services/Gallantry and Correctional Service medal for Meritorious Service/Gallantry for prison personnel of all ranks is another responsibility of the Wing. Since January, 2000, 25 CS medals for Distinguished Services and 75 CS medals for Meritorious Services have been awarded to the prison officers of all ranks for their dedicated services.

The Division has published the Handbook on Responsibilities & Obligations of Prison Officials, Model Prison Manual 92003, for the Superintendence and Management of Prisons in India, National Policy on Prison Reforms and

ON GOING PROJECTS

SOFT SKILLS DEVELOPMENT

Training Division in collaboration with Indira Gandhi National Open University (IGNOU) has proposed to design, develop and deliver short training modules on Soft Skills at an approximate cost of Rs 3.2 Crore. At this cost, it is proposed to organize 300 Training

Programmes for about 6000 police officers of the rank of Constable to Dy. SP. Each course will be of 12 weeks with classes on the week-ends, which will be conducted at the Regional Centres of IGNOU in regional languages.

CENTRE FOR DEVELOPING & DISSEMINATION OF CASE STUDIES

Training Division intends to establish a Centre for Developing & Dissemination of Case Studies and training material through real time study of events in collaboration with concerned State Police or agencies/professionals/organizations engaged in public/social activities.

- Traffic arrangement.
- Communication methodologies including digital platform.
- Synergetic collaboration between various stakeholders.
- Team management.
- Motivational system.
- Leadership styles.
- Strategic planning.
- Contingency management.
- Perception management.

Following fields have been identified in which subject study will be done and a professional document will be prepared for future relevant use by different agencies including the training institutions:

- Art of managing large congregation of people.
- Security systems.

The Centre is intended to undertake studies in the above and other identified fields from different professional angles and document it in best possible

form of "Case Study" not only from learning point of view but also as a reference for all stakeholders, Training and Educational Institutions.

STANDARDIZATION OF TRAINING INSTITUTES

It is proposed to get **Educational Organizations Management System (EOMS), which is an IS/ISO 9001 based Quality Management System known as ISO-21001** EOMS certification ISO-21001 for BPR&D and the five CDTIs. Getting ISO 21001 certification will provide a specific framework for these training Institutes and will enable them to enhance the satisfaction of their learners by improving the educational processes and ensuring conformity to learners' requirements. The potential benefits from implementing ISO 21001 are:-

- Better alignment of educational mission, vision, objectives and action plans
- Promotion of self-learning and lifelong learning opportunities.
- More personalized learning and effective response to special educational needs

- Consistent processes and evaluation tools to demonstrate and increase effectiveness and efficiency.
- Increased credibility of the educational organization.
- Recognized means to enable organizations to demonstrate commitment to education management practices in the most effective manner.
- A model for improvement.

BPR&D has initiated a process for certification of five CDTIs and Training Division of the Bureau in compliance of the EOMS Standard ISO 21001.

NATIONAL POLICE MISSION

MANDATE

The National Police Mission was announced by the Hon'ble Prime Minister in October, 2005, in DGSP/IGSP Conference, to transform the police forces of the country into an effective instrument for maintenance of internal security, to take on

myriad challenges coming up in the next century by equipping them with the necessary material, intellectual and organizational resources and to create a "New Vision" for the police.

OBJECTIVES

- To prepare the police forces for emerging challenges.
- To apply specialization in the areas like counter-terrorism, counter-insurgency, cyber and economic crimes.
- To stress strengthening of the metropolitan and rural policing.
- To trigger attitudinal change in police by transforming the 'force psychology' into 'service psychology'.
- To harness technology in the aid of the police.
- To adopt community policing and to ensure effective delivery of police services to the citizens.

STRUCTURE OF NPM

To achieve these objectives, a four-tier system has been established.

- Empowered Steering Group (ESG)
- Executive Committee (EC)
- Mission Directorate (MD)
- Micro Mission (MM)

To complete the task/project, different working groups of experienced police officers and experts are formed. The output of such working groups is shared with the government and police organizations in the form of Concept Notes/ Project Reports. These reports are also published in the form of a compendium.

Seven Micro Missions have been formed to develop projects with the intent to achieve the above objectives-

- **MM:01 Human Resource Development:** Police Population Ratio – Career Progression – Leadership – Accountability – Performance Evaluation – Training – National Police University – Attitudinal Changes – Welfare of Police Personnel, etc.
- **MM:02 Community Policing:** Involving Community in Policing – Police Interface with Media Industry and other relevant segments – Police Image, etc.
- **MM:03 Communication and Technology:** POLNET – CIPA – Cyber Techniques – Forensic Science – DNA – Nacro Analysis, etc.

- **MM:04 Infrastructure:** Building– official and residential- equipment and weaponry, etc.
- **MM:05 New Processes (Process Engineering):** On-going Police Practices- Review and Impact analysis –Existing Best Practices – Innovations in India and elsewhere, and their adaptability – Procurement procedures – Delegation and Decentralization, etc.
- **MM:06 Proactive Policing and visualizing future challenges:** Extremism and Naxalism – Mob Violence – Cyber Crime – Money Laundering – Narco Terrorism – Human Trafficking, etc.
- **MM:07 Women and Children:** Prevention Strategies, Investigation Techniques, Training and HRD, Prosecution and Victimology.

The NPM Directorate has completed and circulated 40 important projects to states/UTs/CAPFs/CPOs for implementation. Some important projects are as under-
